QCMs

## Anatomy - 10 e-courses

- Anatomy - 10 e-courses
- Anatomy Intro
- Upper face I
- Upper face II
- Middle face Infraorbital area Lower face Lips
- Neck
- Nose
- Danger zones - Complications

## Histology - 4 e-courses

- Structure and function of skin anatomy I Structure and function of skin anatomy II Skin pathology, aging and dermatoporosis Adverse effects of cosmetic fillers
- 

## Injectables Theory - 12 e-courses

- Botulinum toxin: What it is & How it works
- Botulinum toxin: Indications, contraindications
- Basic rheology and filler technology History of fillers
- Injectables - upper face Injectables - mid face Injectables - periorbital area Injectables - lower face Injectables - lips
- Injectables - neck & décolleté Injectables - hands
- Injectables, contraindications and management of complications

## Injectables Cas - 16 e-courses

- ◆ Botulinum toxin: Face
- ◆ Botulinum toxin: Face
- ◆ Blanching technique - Superficial
- ◆ Hyaluronic Acid: Forehead
- ◆ Hyaluronic acid: Temples
- ◆ Hyaluronic acid: Cheeks
- ◆ Hyaluronic acid: Dark circles
- ◆ Hyaluronic acid: Nasolabial fold
- ◆ Hyaluronic acid: Lips
- ◆ Hyaluronic acid: Chin Hyaluronic acid: Jaw
- ◆ Calcium hydroxyapatite: Jaw Botulinum toxin: Masseter
- ◆ Botulinum toxin: neck, décolleté
- ◆ Botox: Hyperhidrosis
- ◆ HA & Skin Booster: Hands

## Combination treatments - Theory 10 e-courses

- ◆ Look
- ◆ Biostimulation with calcium hydroxyapatite (CaHA)
- ◆ Biostimulation with poly-lactic acid (PLLA) Bioremodulation with hyaluronic acid
- ◆ PRP
- ◆ Microneedling
- ◆ Mesotherapy
- ◆ Chemical peels HIFU
- ◆ Radiofrequency

## Combination treatments - Case 10 e-course

- ◆ Complete facial treatment: Toxin & AH
- ◆ Complete facial treatment: Toxin & AH
- ◆ Complete facial treatment: Toxin & AH
- ◆ Complete facial treatment: Toxin & AH
- ◆ Biostimulation with calcium hydroxyapatite
- ◆ Radiofrequency
- ◆ Biostimulation with HIFU polylactic acid
- ◆ PRP
- ◆ Peelings - Superficial
- ◆ Peelings - Medium
- ◆ Microneedling
- ◆ Profhilo
- ◆ Mesotherapy
- ◆ Skin Booster

## Body treatments - Theory 5 e-courses

- Body anatomy I Body
- anatomy II
- Biostimulation with Calcium Hydroxyapatite (CaHA)
- Biostimulation with Poly-lactic Acid (PLLA) Cryolipolysis
- 

## Body Treatments - Case 4 e-course

- Calcium hydroxyapatite (Body)
- Polylactic acid (Body)
- Cryolipolysis - Diagnosis and marking
- Cryolipolysis - Abdomen

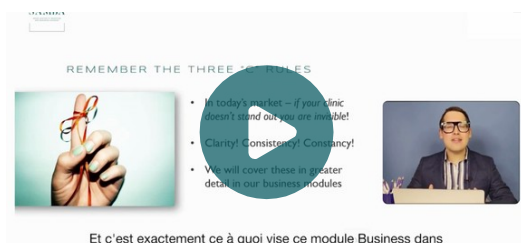

## Lasers - Theory 10 e-courses

- Pigmented lesions: warning signs
- Melasma
- Introduction to lasers
- Laser construction
- Laser safety Laser-
- fabric interaction
- Laser skin resurfacing Laser hair removal Laser for
- vascular lesions
- Laser tattoo removal
